

## **GREEN ROOF WORKING COMMITTEE MEETING**

Date: March 26, 2009 Time: 1:00pm

The GRWC met at the Environmental Services office, 3015 Menke Circle

Attendees: Dennis Bryers, Kim Davidson, Kevin Flecky, Barbi Hayes, Bobbi Holm, Kent Holm, Addie Kinghorn, Mike Oestmann, Eric Williams, Brad Young.

### **Discussion/Announcements**

- Earth Day is scheduled for April 18<sup>th</sup>; Andy Szatko plans to have a booth there
- Discuss the potential for a green roof booth at the 2010 Earth Day event
  - Discussion about a potential “working model” that might incorporate a green roof; might be similar in scope to the scale model developed by Steve Rodie and might demonstrate various stormwater mgmt techniques
  - Raffle off a rain barrel?

### **Sub-Committee Reports**

- General discussion re the recommendations in each section of the final Technical Memorandum <sup>TM</sup>
- Stormwater Design Manual: Need to direct this to the people who deal with it;
- Covenants: Barbi Hayes indicated that development of some model covenant language was in progress; working with attorney Jim Lang and others on this; once the draft is complete it will come back to the GRWC for review;
- Building Codes: need to bring this to the attention of the Environmental Element
- Should send the TM to the following: MAPA, Green Omaha Coalition, MOBA, Papio Creek Watershed Partnership (for subsequent distribution to the jurisdictions of the Partnership), Green Roofs for Healthy Cities
- Kent indicated that he would draft transmittal letters and forward the TM to the aforementioned.

Next meeting date: Thursday, July 23, 2009 at 1pm

Submitted by: Kent E. Holm, Acting GRWC Chair
